

**Correction**

Errors in Figures. In the Original Investigation by Maraldi et al titled “Impact of Inflammation on the Relationship Among Alcohol Consumption, Mortality, and Cardiac Events: The Health, Aging, and Body Composition Study” published in the July 24, 2006, issue of the ARCHIVES (2006; 166:1490-1497), there is an error in Figure 1 and Figure 2. The highest alcohol consumption category in each figure panel should read “>7” drinks per week.
